

If you plan on flying, please let us know your flight times and numbers. Tetu Island Lodge gets a special rate with Northwest, so give us a call and we can put you in touch with the right people. If you require transportation from Kenora or Winnipeg airports, we would be happy to arrange a floatplane or van service to deliver you to the lodge.

Guests that are driving to our boat landing should choose the best route to Kenora, Ontario. Once you reach Kenora, you can take the BYPASS 17-A or, if you would like to go through Kenora on 17, pick up 596 (or Municipal Road in Kenora to reach 596). When you reach the intersection of 17A and 596, please call us (807-224-3487 or 807-224-2600) so that we know to send the boat to pick you up. Please note: taking the bypass will save you 15 to 30 minutes of travel time by NOT going through Kenora.

For guests driving from Winnipeg Airport, take Wellington Avenue out of the airport to Route 90 North. This takes you to Perimeter Highway where you will travel EAST until you reach HWY 1 (TRANS-CANADA HIGHWAY). Turn east and proceed directly to Kenora (approx. 130 miles). Once you reach Kenora on 17A follow to 596 North (MINAKI TURN OFF - TO THE LEFT). Please call at the intersection of 17A and 596 so that we know to send the boat to pick you up.

Take 596 to 525. At this point you will turn left at RIVER AIR (MINAKI is to the right). DO NOT TURN RIGHT, BUT TURN TO THE LEFT! Take 525 approx. 18 miles until you cross the WHITE DOG DAM. You will see the TETU LODGE LANDING SIGN shortly after the dam. Turn left and KEEP TO THE RIGHT. Go UP THE HILL and about one half mile you will reach our landing. Tetu staff should be there to greet you. This is where you will leave your vehicle while you are at Tetu Island Lodge. FOR ALL CELL PHONE USERS – YOU WILL LOSE SIGNAL SHORTLY AFTER THE INTERSECTION OF 17A and 596.

Please note your pick-up time is 8:00 am or 5:30 pm depending on your trip package. Call us if there are any questions regarding arrival times.
